THE "SENTINEL"

Has the Largest Bona Fide
Circulation of Any Daily Paper
in the State, outside of Indian-
apolis. Advertisers and Others
are invited to call at this Office
and Verify this Assertion.The Ligonier Banner is booming
for LANDERS.The Columbia City Post reports
that the gallant democracy of Whit-
ley county are harmonious and
united, that the morale of the party
was never better, and all causes of
dissension have substantially dis-
appeared. The democracy of Whit-
ley will enter the campaign of 1880 a
united body. This is encouraging
news, and we are glad to say that a
similar state of affairs exists among
the democrats of Allen county. There
never was less discord, and the party
is in splendid shape for a long pull,
a strong pull and a pull altogether.An interesting argument on the
silver question is in progress between
the *State-Zeitung*, of this city, and
the *Ligonier Banner*. The *Banner*
stands up for the good
old standard silver dollar of
4124 grains, and of course has decided-
ly the better of the discussion. The
State-Zeitung expresses no serious
objection to silver except its weight
and bulkiness, but insists upon meas-
uring the silver coinage in gold and
increasing the weight of the silver dol-
lar. That is exactly the point in con-
trovery. The revolt of the people is
against the single gold standard,
which has increased the burdens of
public and private indebtedness,
augmented the purchasing power of
money, and at the same time caused a
fearful shrinkage in all values.The people demand the payment
of debts according to the
same measure by which they were
contracted. They desire a return to
the double standard, and if any change
at all is to be made they will favor
reducing the amount of gold in the
dollar rather than increasing the
amount of silver.THE FORT WAYNE SENTINEL, of late de-
votes a goodly portion of its editorial
space to the dissemination of free trade
doctrines. While in the main agreeing
with the SENTINEL's views thus far ex-
pressed on that important subject, we
beg leave to suggest to the estimable
editors of that excellent journal that
it is not altogether safe to rely im-
pudently upon the data and arguments
furnished by the Free Trade League of
New York, and generally set to papers
espousing its cause. There are some things
connected with these free trade organiza-
tions that will hardly bear investigation
and ventilation. Some of their shining
lights manage to "protect" themselves in
a manner that would astonish the natives
if made public. A hint to the wise is
sufficient.—*Ligonier Banner*.The hint is not sufficient. If the
Banner knows anything about free
trade organizations "that will
hardly bear investigation and ventila-
tion" it should speak out. The SEN-
TINEL does not. As for the data and
arguments upon which we rely in
our opposition to the infamous "pro-
tection" system, we can only say that
they are drawn from the writings of
the ablest, soundest and clearest
headed political economists in
the world. And while we
are on the subject we may as well
state that, in our opinion the *Banner*,
and most other democratic papers are
derelict in their duty in ignoring the
tariff question. The last national
democratic convention expressed
itself freely upon this subject, but
democratic newspapers and orators
and the democratic congress, have ut-
terly failed to do their duty in not
pressing this matter. Oceans of elo-
quence and columns of editorials have
been devoted to the currency question
which, however important in itself,
sinks into insignificance compared with
that of the tariff. The people need to
be aroused to the enormities com-
mitted upon them under the guise of
"protection," and it is the principal
duty of the democratic press to wake
them up. The SENTINEL is trying, in
a humble way, to do its share.

NEWS NOTES.

The yacht *Jeannette* has sailed from
San Francisco on her Polar expedi-
tion.Dick Roberts, of Dent county, O., killed
a rattlesnake with fifteen rabbits. It
contained five young rabbits about
one-fourth grown, and a full grown
mouse.Mrs. C. D. Sweet, of North Ben-
nington, twenty years old, has obtained
a divorce from her husband, aged
seventy, after three years of unhappy
married life.George R. Reynolds, the Mormon,
was sentenced at Salt Lake to two
years imprisonment in the penitentiary
and to pay a fine of \$600 for marry-ing three wives. He is the first Mor-
mon convicted of polygamy since the
passage of the act in 1872. More will
rapidly follow.William Winder, aged forty, a Nel-
sonville coal miner, near Athens, O.,
has been committed to jail to answer
at court to the unnatural and horrible
crime of forcible incest with his thir-
teen-year old daughter. The time of
the court, however, is likely to be but
little occupied in dealing with his case
as the brutal wretch fully confesses
his guilt, and further volunteers the
information that he had previously
made a number of abortive attempts
to accomplish the same villainy.A bad state of affairs exist in the
north of Bradford oil district in Penn-
sylvania. Tankage is nearly exhausted
and not less than seven thousand
barrels of crude petroleum are daily
going to waste for want of storage.
The production is so greatly in excess
of the demand for consumption that
there is no demand for the stuff. The
sheriff will have a big job on hand ere
long. The Standard Oil Company
will, at the urgent request of
producers, buy oil for immediate
shipment at about five cents per bar-
rel below prices current at the oil
exchange. The outlook for the oil
country is rather gloomy.A French doctor has experimented
on the influence of alcoholic drinks on
fowls. He administered to them
brandy and absinthe, and found one
and all take so kindly to their unwait-
ed stimulants that he was forced to
limit each bird to a daily allowance.
There was an extraordinary develop-
ment of cocks' crests, and a rapid and
general loss of flesh. The experi-
ments were continued until it appear-
ed that two months' absinthe drink-
ing sufficed to kill the strongest cock
or hen, while the brandy drinkers
lived four months and a half, and the
wine bibbers held out for ten months
before they died a drunkard's death.The enormous Chinese encyclope-
dia, comprising 5,020 volumes, pur-
chased for the British Museum, will
be found useful in determining points
of scientific and historical value when
its vast stores are explored. Mr. A.
Hoise, of the British consulate, had
an opportunity before the shipment
of the work to England, to examine
the sub-sections entitled "natural
phenomena," and found, with regard
to sun spots, that from the year B. C.
28 to A. D. 1617 fifty-six observations
were recorded, and that the accounts
of droughts and famines were most
minute. It has been supposed that
the earliest notice of sun spot ob-
servation was that of A. D. 321. The
data supplied by the encyclopedia
should go far to prove or disprove the
theory of the connection between sun
spots and the famines with which the
name of Prof. Jevons is associated.The Krupp gun works of Germany
are of immense dimensions. One of
the establishments employs 8,500
workmen, and contains 209 boilers
and engines, which, combined, have
110,000 horse power, and operate 77
trip hammers, varying in weight from
200 to 100,000 pounds each. Since
1877, 15,000 cannons have been turned
out; 800 are made on an average
every month. Daily 18,000 tons of
coal and coke are consumed, and 21-
000 gas jets are in use. A railroad
track, with twenty-four locomotives
and 700 trucks, is in operation with-
in the works, and between them and
the nearest railway station. The estab-
lishment has twenty-four telegraph sta-
tions and eight fire engines for pro-
tection against conflagration. In the
mines connected with these works
there are 5,300 workmen. Iron ore
the company gets from its own lands
in the north of Spain to the extent
of 200,000 tons annually, which five
steamers that it owns convey to the
factories. The company has built
3,278 tenements for its employees, in
which 16,300 persons live. The grain
used in the bakeries that supply these
people with bread is bought by agents
of the company in large quantities,
chiefly in Odessa, the Russian grain
port. Four common schools and an
industrial school for girls and women
provide the elementary instruction
needed by this city of factory hands.

the prison building, at Jeffersonville,
to be used as a chapel, hospital and
laundry, were opened by the prison
directors on Tuesday, and all the bids
and each of them exceeded the appor-
portion made for the work, which is
\$12,000. The directors are consider-
ing how they can change the plans so
as to bring the cost of the building
within the appropriation.A heavy rainstorm struck Hunting-
ton county on Monday. A hard rain
fell in the forenoon, and it was suppl-
mented in the afternoon by a deluge
such as the oldest inhabitant never
witnessed the like of. The old Wa-
bash and Erie Canal at Huntington
was speedily filled, the torrent rush-
ing down with great force, washing
out the Walsh Railway bed below
town, and delaying the west bound
trains. The drift dammed the canal
below town, causing the water to over-
flow the banks and inundate the east
part of the central portion of the
town, and cutting a channel through
lots in the west end. Some of the peo-
ple succeeded in removing their ef-
fects, but a great deal of furniture and
carpets was ruined by the overflow.
In the southern part of the county the
rain was accompanied by heavy wind,
which laid the timber flat and greatly
damaged the crops.

LAST NIGHT'S DISPATCHES.

Interesting News From the Four Quarters of
the Globe.

YELLOW FEVER.

At Memphis last night the panic
had somewhat subsided, and a better
feeling prevailed, although hundreds
were still leaving the city. Of the
five new cases reported yesterday,
three were decided not to be yellow
fever. However, one of these three
proved fatal. Last night there had been
two deaths, Frank Mulbrandon and
Judge Ray's son. Judge Ray and an-
other son were the only persons
ill with the fever. Great care is being
given to the sanitary condition of the
city. At Port Rigby a rigid quarantine
has been established. The New Orleans
board of health reports that city en-
tirely free from yellow fever and re-
markably healthy in every respect.
That city and Vicksburg have quar-
antined against Memphis by land and
water.

THE HEAT YESTERDAY.

Yesterday was the hottest day of
the season all over the west. At Mil-
waukee the thermometer registered
91 in the shade and several cases of
sunstroke were reported, one fatal.
Morris Lykens, aged fifty-two,
who was working on a farm
near Muncie, was killed by a
sun stroke. At St. Louis the ther-
mometer reached 100°. There were
five cases of sun-stroke, one fatal—
Rudolph Fliegenberger, of Milwaukee.

CRIMES AND CASUALTIES.

Cincinnati, O., July 10.—During
the heavy thunder storm this after-
noon two countrymen on their way to
the city, with a wagon loaded with
green corn for market, took refuge un-
der a bridge near California. O. Light-
ning struck the bridge and killed both
men and their four horses.Allinier, O., July 10.—A man
named Swallow, residing in North
Georgetown, situated nine miles south
of here, returned home on the Fourth
of July intoxicated, and as soon as he
reached the house he began beating his
wife, Christ. Bearey, an old man
seventy-one years of age, who was at
work in his garden near by, reproved
him for his brutality, when he immedi-
ately entered the garden and struck
him several blows, breaking three ribs,
from the effects of which he died yester-
day. Smallen is now under arrest
and in jail.New York, July 10.—The police
have found in the Twenty-first street
fence of the Theological Seminary
a fresh bullet hole, cut by a
22-calibre ball, fired downwards as if
from a window on Twenty-first street,
exactly in a line with the spot whereSeymour's coat was buttoned when
he was shot, and it appears to have
been open when he was found. The
bullet wound which was found in the
wound is now said to have been a
piece of his undershirt.

great powers will disapprove of the
manner in which Aleko Pasha, gov-
ernor-general of Roumelia, is acting.
They probably would not refuse to
assent to his removal by the porte.The British military attaché has
drawn up a report commenting un-
favorably on the administration of
Aleko Pasha.John Joseph Mechi, a noted English
scientist and agriculturalist, writes as
follows: "Another week of flooding
storms and low temperature has put
the finishing stroke to agriculture. It
is now too late for crops to recover.
They are considerably injured even
on well farmed and drained lands,
while on undrained lands the water
is simply ruinous. Wheat will suffer
less than spring crops. Weeding is
hopeless, and unless we get promised
hot dry weather many grasses and clover
crops and even peas will rot un-
gathered."The Russians sent a force of 200
Cossacks against the Chinese raiders
at Kuldja. The Cossacks, however,
hearing of the assemblage of a vastly
superior force of Chinese, retreated.
It is not doubted that the Chinese are
about to develop military demon-
strations toward the Kuldja frontier on a
very large scale. Thousands of work-
men have been engaged for several
weeks on works designed to cause the

to distribute the surplus of the revenue
among the states, the German reichs-
tag has passed Varnbuecher's motion
that this provision shall come into
force on the 1st of April, 1880, and
that the amount obtained from cus-
toms and tobacco tax from October,
1879, to January, 1880, in excess of
fifty-three million marks, shall be de-
ducted from the contributions of the
several states in proportion to their
population.A scene occurred in the British
House of Commons last night, when
the house went into a committee on
the army discipline bill. Sullivan
member from South, called attention
to a person in the gallery taking notes
of the remarks of individual members
and asked by whose authority the
person was there. The speaker hav-
ing replaced the chairman of the
committee, replied that the person
was there by his authority. He ex-
plained that owing to the delay of the
army bill, the minutes of the pro-
ceedings of the members should be
more ample, but notes would be
wholly impartial. The person having
left the house, again returned, when
a stormy discussion ensued. The per-
son finally withdrew.A dispatch dated Capetown, June
23, says Sir Garnet Woolsey arrived
to-day and immediately started for
Natal, on board a swift steamer. Tele-
grams received at Capetown state that
the British forces are within twenty-
five miles of Cetewayo's Kraal. Gen.
Woolsey therefore determined to reach
the front without delay. A Capetown
dispatch of June 24th says that in
consequence of the defective state of
transportation services Gen. Woolsey
has summoned a meeting of
native chiefs at Maritzburg on the
30th, to discuss measures for transpor-
tation by native carriers. Gen. Wool-
sey will start for the front on the 1st
of July. Zulu prisoners state that
King Cetewayo will allow our troops
to advance near Ulundi and then at-
tack them. A dispatch from Roo-
ksdrift, June 24th, says the decision
of the court martial in the case of
Lieut. Carey, who commanded the
expedition in which the prince imperi-
al lost his life, has been sent to Eng-
land for confirmation prior to its pub-
lication. Lieut. Carey will go home
at the first opportunity.

Care in Selecting Food.

The first conditions of healthful-
ness are secured when care is taken in
selecting the articles which enter into
our daily food. Let all the articles
used be as pure, wholesome and easy
of digestion as Dr. Price's Cream
Baking Powder, and we warrant that
the health of the family will not be
likely to suffer.

"A Grand Success (2)."

(Hastings Herald.)
The celebration at Fort Wayne on
the 4th was a pleasant and rather quiet
affair. They only had one murder,
one stabbing affair, one hundred and
nine robberies, and two hundred and
sixty-nine fights. The saloons were
all closed, and this, of course, accounts
for the unusual quiet. We are glad
to note that the morals of Fort Wayne
are improving.

CAUGHT AT LAST.

The notorious deprederator Kate Aarh,
who has for so many years eluded the
most accomplished and skillful detec-
tives, has been caught at last in Buf-
falo, N. Y. For further particulars,
ask your druggist for a bottle of Dr.
Sage's Catarrh Remedy, admitted to
be the best remedy for catarrh yet
compounded.

A Wonderful Discovery.

For the speedy cure of Consumption
and all diseases that lead to it, such
as stubborn coughs, neglected colds,
bronchitis, asthma, pain in the side
and chest, dry hacking cough, tickling
in the throat, hoarseness, sore throat
and all chronic and lingering diseases
of the throat and lungs, Dr. King's
New Discovery has no equal and
has established for itself
a world wide reputation. Many lead-
ing physicians recommend and use it
in their practice. The formula from
which it is prepared is highly recom-
mended by all medical journals. The
clergy and the press have complimented
it in the most glowing terms. Go
to your druggist and get a trial bottle
free of cost or a regular size for \$1.00.

A GREAT ENTERPRISE.

The Hop Bitters Manufacturing Com-
pany is one of Rochester's greatest busi-
ness enterprises. Their Hop Bitters have
reached a sale beyond all precedent, hav-
ing from their intrinsic value found their
way into almost every household in the
land.—*Graphic*.The Rhens Natural Mineral Water
has gained an enviable reputation on
account of its being an agreeable and
refreshing drink. At the clubs it is
frequently mixed with champagne,
brandy or whisky, and is much ap-
proved. For sale by druggists, gro-
cers and liquor dealers generally.

NOT A BEVERAGE.

"They are not a beverage, but a
medicine, with curative properties of
the highest degree, containing no poi-
sonous drugs. They do not tear down
an already debilitated system, but
build it up. One bottle contains more
hops—that is, mere hop strength—
than a barrel of ordinary beer. Every
druggist in Rochester sells them, and
the physicians prescribe them."—
*Rochester Evening Express on Hop Bit-
ters*.A Brilliant Scene in New Orleans.
On the 17th of June last, in the
city of New Orleans, there was gath-
ered many of the principal citizens of
the Crescent City, in company with a
large number of strangers from differ-
ent parts of the country there, who
as visitors felt interested in the wit-
nessing of the grand extraordinary
drawing of the Louisiana State Lot-
tery by Gen. Juhl A. Early and G.
T. Beauregard. The warriors went at
it as squarely as ever they led a pan-
oplied host into battle, and by the turn
of the wheel scattered fortunes right
and left. Space would be too great
to enumerate, but the next drawing

The Ligonier Banner is booming
for LANDERS.

The Columbia City Post reports
that the gallant democracy of Whit-
ley county are harmonious and
united, that the morale of the party
was never better, and all causes of
dissension have substantially dis-
appeared. The democracy of Whit-
ley will enter the campaign of 1880 a
united body. This is encouraging
news, and we are glad to say that a
similar state of affairs exists among
the democrats of Allen county. There
never was less discord, and the party
is in splendid shape for a long pull,
a strong pull and a pull altogether.

An interesting argument on the
silver question is in progress between
the Staats-Zeitung, of this city, and
the Ligonier Banner. The Banner
stands up for the good
old standard silver dollar of
412½ grains, and of course has de-
cidedly the better of the discussion. The
Staats-Zeitung expresses no serious
objection to silver except its weight
and bulkiness, but insists upon meas-
uring the silver coinage in gold and
increasing the weight of the silver dol-
lar. That is exactly the point in con-
troversy. The revolt of the people is
against the single gold standard,
which has increased the burdens of
public and private indebtedness,
augmented the purchasing power of
money, and at the same time caused a
fearful shrinkage in all values.

The people demand the payment
of debts according to the
same measure by which they were
contracted. They desire a return to
the double standard, and if any change
at all is to be made they will favor
reducing the amount of gold in the
dollar rather than increasing the
amount of silver.

The Fort Wayne Sentinel of late de-
votes a goodly portion of its editorial
space to the dissemination of free trade
doctrines. While in the main agreeing
with the SENTINEL's views thus far ex-
pressed on that important subject, we
beg leave to suggest to the estimable
editors of that excellent journal that it
is not altogether safe to rely im-
plicitly upon the data and arguments
furnished by the Free Trade League of
New York, and generously set to papers
espousing its cause. There are some things
connected with these free trade organiza-
tions that will hardly bear investigation
and ventilation. Some of their shining
lights manage to "protect" themselves in
a manner that would astonish the natives
if made public. A hint to the wise is
sufficient.—Ligonier Banner.

The hint is not sufficient. If the
Banner knows anything about free
trade organizations "that will
hardly bear investigation and ventila-
tion" it should speak out. The SEN-
TINEL does not. As for the data and
arguments upon which we rely in
our opposition to the infamous "pro-
tection" system, we can only say that
they are drawn from the writings of
the ablest, soundest and clearest
headed political economists in
the world. And while we
are on the subject we may as well
state that, in our opinion the Banner,
and most other democratic papers are
directly in their duty in ignoring the
tariff question. The last national
democratic convention expressed
itself freely upon this subject, but
democratic newspapers and orators
and the democratic congress, have ut-
terly failed to do their duty in not
pressing this matter. Oceans of elo-
quence and columns of editorials have
been devoted to the currency question
which, however important in itself,
sinks into insignificance compared with
that of the tariff. The people need to
be aroused to the enormities com-
mitted upon them under the guise of
"protection," and it is the principal
duty of the democratic press to wake
them up. The SENTINEL is trying, in
a humble way, to do its share.

NEWS NOTES.

The yacht Jeannette has sailed from
San Francisco on her Polar expedi-
tion.
Dick Roberts, of Dent county, O., killed
a rattlesnake with fifteen rattles. It
contained five young rabbits about
one-fourth grown, and a full grown
mouse.
Mrs. C. D. Sweet, of North Ben-
nington, twenty years old, has obtained
a divorce from her husband, aged
seventy, after three years of unhappy
married life.

George R. Reynolds, the Mormon,
was sentenced at Salt Lake to two
years imprisonment in the penitentiary
and to pay a fine of \$500 for marry-
ing three wives. He is the first Mor-
mon convicted of polygamy since the
passage of the act in 1872. More will
rapidly follow.
William Winder, aged forty, a Nel-
sonville coal miner, near Athens, O.,
has been committed to jail to answer
at court to the unnatural and horrible
crime of forcible incest with his
thirteen-year old daughter. The time
of the court, however is likely to be but
little occupied in dealing with his case
as the wretched fellow confesses his
guilt, and further volunteers the in-
formation that he had previously
made a number of abortive attempts
to accomplish the same villainy.
A bad state of affairs exist in the
north of Bradford oil district in Penn-
sylvania. Tankage is nearly exhausted
and not less than seven thousand
barrels of crude petroleum are daily
going to waste for want of storage.
The production is so greatly in excess
of the demand for consumption that
there is no demand for the stuff. The
sheriff will have a big job on hand ere
long. The Standard Oil Company
will, at the urgent request of
producers, buy oil for immediate
shipment at about five cents per bar-
rel below prices current at the oil
exchange. The outlook for the oil
country is rather gloomy.

A French doctor has experimented
on the influence of alcoholic drinks on
fowls. He administered to them
brandy and absinthe, and found one
and all take so kindly to their un-
wanted stimulants that he was forced to
limit each bird to a daily allowance.
There was an extraordinary develop-
ment of cocks' crests, and a rapid and
general loss of flesh. The experi-
ments were continued until it ap-
peared that two months' absinthe drink-
ing sufficed to kill the strongest cock
or hen, while the brandy drinkers
lived four months and a half, and the
wine bibbers held on for ten months
before they died a drunkard's death.

The enormous Chinese encyclopa-
dia, comprising 5,020 volumes, pur-
chased for the British Museum, will
be found useful in determining points
of scientific and historical value when
its vast stores are explored. Mr. A.
Hoise, of the British consulate, had
an opportunity before the shipment
of the work to England, to examine
the sub-sections entitled "natural
phenomena," and found, with regard
to sun spots, that from the year B. C.
28 to A. D. 1617 fifty-six observations
were recorded, and that the accounts
of droughts and famines were most
minute. It has been supposed that
the earliest notice of sun spot ob-
servation was that of A. D. 321. The
data supplied by the encyclopaedia
should go far to prove or disprove the
theory of the connection between sun
spots and the famines with which the
name of Prof. Jevons is associated.

The Krupp gun works of Germany
are of immense dimensions. One of
the establishments employs 8,500
workmen, and contains 289 boilers
and engines, which, combined, have
110,000 horse power, and operate 77
trip hammers, varying in weight from
200 to 100,000 pounds each. Since
1877, 15,000 cannons have been turned
out; 300 are made on an average
every month. Daily 18,000 tons of
coal and coke are consumed, and 21,
000 gas jets are in use. A railway
track, with twenty-four locomotives
and 700 trucks, is in operation with-
in the works, and between them and
the nearest railway station. The estab-
lishment has twenty-four telegraph sta-
tions and eight fire engines for pro-
tection against conflagration. In the
mines connected with these works
there are 5,300 workmen. Iron ore
the company gets from its own lands
in the north of Spain to the extent
of 200,000 tons annually, which five
steamers that it owns convey to the
factories. The company has built
3,278 tenements for its employees, in
which 16,300 persons live. The grain
used in the bakeries that supply these
people with bread is bought by agents
of the company in large quantities,
chiefly in Odessa, the Russian grain
port. Four common schools and an
industrial school for girls and women
provide the elementary instruction
needed by this city of factory hands.

the parents.
The Adams express office at Rock-
port was robbed of \$2,000 more than a
week ago, but the agent kept it to him-
self, hoping to get some clue to the
thief. Suspicion rests upon a Rock-
port lad, but no arrest has been made.

About two years ago a man calling
himself Rev. George H. Hause came
to Scioto, Jennings county. Since then
he has solemnized a number of mar-
riages. It is now alleged that he is
not a minister, and actions against him
have been begun in the circuit court.
Judge J. R. Slack, wife and daugh-
ter of Huntington, accompanied by
D. A. Purviance and wife, left last
Thursday morning for a trip to the
"Far West." The party will probably
be gone for some months, and during
their absence will visit many places of
interest in California and the terri-
tories.

The county fairs in Northern Indi-
ana are announced for the following
dates: Fort Wayne, from September
20 to 25; Goshen, September 30 to
October 3; Huntington, September 17
to 20; Warsaw, September 24 to 27;
Lagrange, September 24 to 26; La-

October 8 to 11; Angola, September
23 to 26; Columbia City, September
30 to October 3.

Bids for the erection of a wing to
the prison building, at Jeffersonville,
to be used as a chapel, hospital and
laundry, were opened by the prison
directors on Tuesday, and all the bids
were rejected. There were six bids
total, each of them exceeding the ap-
propriation made for the work, which is
\$12,000. The directors are consider-
ing how they can change the plans so
as to bring the cost of the building
within the appropriation.

A heavy rainstorm struck Hunting-
ton county on Monday. A hard rain
fell in the afternoon, and it was sup-
posed that the deluge would be as
such as the oldest inhabitant never
witnessed the like of. The old Wa-
bash and Erie Canal at Huntington
was speedily filled, the torrent rush-
ing down with great force, washing
out the Wabash Railway bed below
town, and delaying the west bound
trains. The drift dammed the canal
below town, causing the water to over-
flow the banks and inundate the east
part of the central portion of the
town, and cutting a channel through
lots in the west end. Some of the peo-
ple succeeded in removing their effects,
but a great deal of furniture and
carpets were ruined by the overflow.
In the southern part of the county the
rain was accompanied by heavy wind,
which laid the timber flat and greatly
damaged the crops.

LAST NIGHT'S DISPATCHES.

Interesting News From the Four Quarters
of the Globe.

YELLOW FEVER.

At Memphis last night the panic
had somewhat subsided, and a better
feeling prevailed, although hundreds
were still leaving the city. Of the
five new cases reported yesterday,
three were decided not to be yellow
fever. However, one of those three
proved fatal. Last night there had been
two deaths, Frank Mulbrandon and
Judge Ray's son. Judge Ray and an-
other son were the only persons im-
mune with the fever. Great care is being
given to the sanitary condition of the
city. At Port Riggby a rigid quarantine
has been established. The New Orleans
board of health reports that city en-
tirely free from yellow fever and re-
markably healthy in every respect.
That city and Vicksburg have quar-
antined against Memphis by land and
water.

THE HEAT YESTERDAY.

Yesterday was the hottest day of
the season all over the west. At Mil-
waukee the thermometer registered
91 in the shade and several cases of
sunstroke were reported, one fatal.
Morris Lykens, aged fifty-two,
who was working on a farm
near Muncie, was killed by a
sun stroke. At St. Louis the ther-
mometer reached 100°. There were
five cases of sun-stroke, one fatal—
Rudolph Fliegenberger, of Milwaukee.

It is understood that Trinket, who
is the property of Maj. H. C. McDow-
ell, of Wood Lake, Ky., will be match-
ed against Rarus on Saturday for \$5,
000 a side.
CRIMES AND CASUALTIES.
Cincinnati, O., July 10.—During
the heavy thunder storm this morn-
ing two countrymen on their way to
the city, with a wagon loaded with
green corn for market, took refuge un-
der a bridge near California, O. Light-
ning struck the bridge and killed both
men and their four horses.

Alliance, O., July 10.—A man
named Swallow, residing in North
Georgetown, situated nine miles south
of here, returned home on the Fourth
of July intoxicated, and as soon as he
reached the house he began beating his
wife, Christ, Bearey, an old man
seventy-one years of age, who was at
work in his garden near by, reproved
him for his brutality, when he imme-
diately entered the garden and struck
him several blows, breaking three ribs,
from the effects of which he died yester-
day. Smallen is now under arrest
and in jail.
New York, July 10.—The police
have found in the Twenty-first street
place of the Theological Seminary
grounds a fresh bullet hole, cut by a
22-calibre ball, fired downwards as if
from a window on Twenty-first street,
exactly in a line with the spot where

Seymour's coat was buttoned when
he was shot, and it appears to have
been open when he was found. The
rubber band which was found in the
wound is now said to have been a
piece of his undershirt.

Jacob Andrews and Chas. O'Brien,
aged sixteen and fourteen, were in-
stantly killed by lightning yesterday.

At New Orleans the greatest depth
and width of the channel required by
the jetties at the mouth and also at
the head of the pass has been secured.

The council of the Union of Ameri-
can Hebrew Congregations, which has
been in session at New York for sev-
eral days, adjourned yesterday. The
executive board elected the following
officers for the next two years: Presi-
dent, Morris Lotta, of Cincinnati;
vice president, Adolph L. Sanger, of
New York; secretary, L. Levy, of
Cincinnati; treasurer, Solomon Levy,
of Cincinnati. Mr. Saltzberger, re-
signed from the board and ex-Coroner
Ellinger was elected a member in his
stead. The board elected the follow-
ing committee on agriculture: ex-Cor-
oner Ellinger, of Baltimore; J. K.
Stevens, of the Michigan club; J. H.
C. Watts, of the Undine rowing club,
of Baltimore; O. C. G. Peterson, of

Antonelli.
A dispatch from Rangoon states
that in the revolt in upper Burma,
reported the 8th inst., twenty officials
were killed and wounded. No general
rising is anticipated.
It is denied that the president of
Paraguay has been expelled by Gen.
Godoy. The rebels only obtained
possession of Pilar and Humatia. The
revolution seems to be abortive.
Daniel Butler, of Montreal, pro-
duce exporter is in financial difficulty.
Liabilities amount to a half million.
The principal creditor is the Merchants'
Bank, \$160,000. The balance is mostly
due in England.

The dissenters from the orthodox
church, of Russia, who have been ac-
cused full liberty of worship are the
sect known as "Old Believers." Other

There is reason to believe that the
great powers will disapprove of the
manner in which Aleko Pasha, gov-
ernor-general of Roumelia, is acting.
They probably would not refuse to
assent to his removal by the porte.
The British military attaché has
drawn up a report commenting un-
favorably on the administration of
Aleko Pasha.

John Joseph Mechi, a noted English
scientist and agriculturist, writes as
follows: "Another week of flooding
storms and low temperature has put
the finishing stroke to agriculture. It
is now too late for crops to recover.
They are considerably injured even
on well farmed and drained lands,
while on undrained lands the water
is simply ruinous. Wheat will suffer
less than spring crops. Weeding is
hopeless, and unless we get promised
hot dry weather many grass and clover
crops and even peas will rot un-
gathered."

The Russians sent a force of 200
Cossacks against the Chinese raiders
at Kuldja. The Cossacks, however,
hearing of the assemblage of a vastly
superior force of Chinese, retreated.
It is not doubted that the Chinese are
about to develop military demonstra-
tions toward the Kuldja frontier on a
very large scale. Thousands of work-
men have been engaged for several
weeks on works designed to cause the
Oxus river to return to its ancient
bed, so as to establish easy water com-
munication between the Caspian Sea
and the region bordering on Afghan-
istan.

In addition to Frankenstein's motion
to distribute the surplus of the revenue
among the states, the German reichs-
tag has passed Varnbueler's motion
that this provision shall come into
force on the 1st of April, 1880, and
that the amount obtained from cus-
toms and tobacco tax from October,
1879, to January, 1880, in excess of
fifty-three million marks, shall be de-
ducted from the contributions of the
several states in proportion to their
population.

A scene occurred in the British
House of Commons last night, when
the house went into a committee on
the army discipline bill. Sullivan
member from South, called attention
to a person in the gallery taking notes
of the remarks of individual members,
and asked by whose authority the
person was there. The speaker hav-
ing replaced the chairman of the
committee, replied that the person
was there by his authority. He ex-
plained that owing to the delay of the
army bill, the minutes of the pro-
ceedings of the members should be
more ample, but notes would be
wholly impartial. The person having
left the house, again returned, when
a stormy discussion ensued. The per-
son finally withdrew.

A dispatch dated Capetown, June
23, says Sir Garnet Woolsey arrived
to-day and immediately started for
Natal, on board a swift steamer. Tele-
grams received at Capetown state that
the British forces are within twenty-
five miles of Cetewayo's Kraal. Gen.
Woolsey therefore determined to reach
the front without delay. A Capetown
dispatch of June 24th says that in
consequence of the defective state of
transportation services Gen. Woolsey
has summoned a meeting of
native chiefs at Maritzburg on the
30th, to discuss measures for transpor-
tation by native carriers. Gen. Wool-
sey will start for the front on the 1st
of July. Zulu prisoners state that
King Cetewayo will allow our troops
to advance near Ulandi and then at-
tack them. A dispatch from Roor-
kredrift, June 24th, says the decision
of the court martial in the case of
Lieut. Carey, who commanded the
expedition in which the prince imperi-
al lost his life, has been sent to Eng-
land for confirmation prior to its pub-
lication. Lieut. Carey will go home
at the first opportunity.

Care in Selecting Food.
The first conditions of healthful-
ness are secured when care is taken in
selecting the articles which enter into
our daily food. Let all the articles
used be pure, wholesome and easy
of digestion as Dr. Price's Cream
Baking Powder, and we warrant that
the health of the family will not be
likely to suffer.

"A Grand Succession?"
[Huntington Herald.]

The celebration at Fort Wayne on
the 4th was a pleasant rather quiet
affair. They only had one murder,
one stabbing affair, one hundred and
nine robberies, and two hundred and
sixty-nine fights. The saloons were
all closed, and this, of course, accounts
for the unusual quiet. We are glad
to note that the morals of Fort Wayne
are improving.

CAUGHT AT LAST.
The notorious predator Kate Aarl,
who has for so many years eluded the
most accomplished and skillful detec-
tives, has been caught at last in Buf-
falo, N. Y. For further particulars,
ask your druggist for a bottle of Dr.
Sage's Catarrh Remedy, admitted to
be the best remedy for catarrh yet
compounded.

A Wonderful Discovery.
For the speedy cure of Consumption
and all diseases that lead to it, such
as stubborn coughs, neglected colds,
bronchitis, asthma, pain in the side
and chest, dry hacking cough, tickling
in the throat, hoarseness, sore throat
and all chronic and lingering diseases
of the throat and lungs, Dr. King's
New Discovery has no equal
and has established for itself
a world wide reputation. Many lead-
ing physicians recommend and use it
in their practice. The formula from
which it is prepared is highly recom-
mended by all medical journals. The
clergy and the press have complimented
it in the glowing terms. Go to
your druggist and get a trial bottle
free of cost or a regular size for \$1.00.

A GREAT ENTERPRISE.
The Hop Bitters Manufacturing Com-
pany is one of Rochester's greatest busi-
ness enterprises. Their Hop Bitters have
reached a sale beyond all precedent, hav-
ing from their intrinsic value found their
way into almost every household in the
land.—Graphic.

The Rhens Natural Mineral Water
has gained an enviable reputation on
account of its being an agreeable and
refreshing drink. At the clubs it is
frequently mixed with champagne,
brandy or whisky, and is much ap-
proved. For sale by druggists, gro-
cers and liquor dealers generally.

NOT A BEVERAGE.
"They are not a beverage, but a
medicine with curative properties and
the highest degree, containing no poi-
sonous drugs. They do not tear down
an already debilitated system, but
build it up. One bottle contains more
buds—that is, more hop strength—
than a barrel of ordinary beer. Every
druggist in Rochester sells them, and
the physicians prescribe them."

A Brilliant Scene in New Orleans.

On the 17th of June last, in the
city of New Orleans, there was gath-
ered many of the principal citizens of
the Crescent City, in company with a
large number of strangers from differ-
ent parts of the country there, who
as visitors felt interested in the wit-
nessing of the grand extraordinary
drawing of the Louisiana State Lot-
tery by Gens. Jubal A. Early and Gen.
T. Beauregard. The warlike went at
it as squarely as ever they led a pur-
sued host into battle, and by the turn
of the wheel scattered fortunes right
and left. Space would be too great
to enumerate, but the next drawing
takes place on August 12th, (the in-
variable second Tuesday) and all other
information will be promptly given on

GOLDEN MEDICAL DISCOVERY.
By its prompt and thorough blood purify-
ing properties, Dr. Pierce's Golden Medical
Discovery cures all Humors, from the
worst Scrofula, Eruptions, Boils, Pimples
or Eruptions. Mercurial diseases, Mineral
Poisons, and their effects are eradicated.
Keep your system healthy and sound, and
avoid all diseases. Erysipelas, Salt Rheum,
Fever Sores, Scaly or Rough Skin, in short,
all the ailments of the skin, are cured by
this powerful, purifying and in-
vigorating medicine.

Especially has it manifested its pow-
er in curing Tetter, Rose Rash, Boils, Car-
buncles, Sore Eyes, Scrofulous Sores and
Swellings, White Swellings, Gout or Thick
Neck, and all the ailments of the skin.
If you feel full, drowsy, debilitated,
have yellow color of skin, or yellowish
brown spots on face and body, frequent
headache or dizziness, bad taste in mouth,
internal heat or chills alternating with hot
flushes, low energy, and a general feeling
of weakness, irregular appetite, and tongue
coated, you are suffering from Tetter Liver
or "Biliousness." Many cases of "Liver
Complaint" only part of these symptoms
are experienced. As a remedy for all such
cases, Dr. Pierce's Golden Medical Discovery
is unequalled, as it effects perfect
and rapid cures.
In the case of Bronchitis, Severe Coughs,
and the early stages of Consumption, it has
astonished the medical faculty, and em-
inent physicians pronounce it the greatest
medical discovery of the age. While it
cures the severest coughs, it strengthens
the system and purifies the blood. Sold by
druggists.

PAT'S (WOULFE) PRIZE.

INTRODUCTION TO CANTO I.

In perusing a book, you'll come across, oh, yes, indeed, a sentence, "an eye for an eye, a tooth for a tooth."

CANTO I.

It's version: "Um, the smartest at the school, he was known as the veriest fool. When he comes the "Correction," plainly named in bid in least behind mask or hood. He succeeds Pat's "Rejoinder," or tissue of lies. He would have been labeled "Who reads this lies." He follows, the gentlemanly answer, addressed to this, "paper notoriety" fancier. At last, Pat's "Parody" appears, wonderful with falsehoods and secrets(?) retold.

CANTO II.

Then "Scrutator, don't give us any more" and hope-taters near that "Beautiful Shore." Wolfe (in sheep's clothing) is apt to steal the works of others, calling it a "square deal."

If few people will have missed him, a wonderful star of the "self praising" of "animals" both on the land and in the sea. A Wolfe is a sneaky cuss and with him 'tis hard to agree. To make a stiff upper lip," Pat, continue to take up your own part. The train will be classed as dumb while you'll be regarded as smart.

Remember that heaven's angel blessings are given to the humble and meek. You'll not push through the "Golden Gates" by trampling on your "check." NAC.

Off for Niagara Falls.

On Tuesday, July 15th, the Wabash will run another excursion train to Niagara Falls. The train will leave South depot at 7.40 p. m., and arrive at 9.30 the next morning. Fare

for round trip only \$5. Tickets a good for two days at the Falls—there and the other at Toronto, or trip can be taken to Put-in-Bay on the steamer "Alaska" from Amherstburg for which an additional day will be given. Reduced rates have been entered at hotels, and for carriage fare, etc. Everybody should take in this cheap and pleasant excursion. 7

NO HOSPITAL NEEDED.
No palatial hospital needed for Hop Bitters patients, nor large salaried talent of doctors to tell what Hop Bitters will do for cure, as they tell their own story in their certain and absolute cures at home.

It is strange so many people will continue to suffer day after day with dyspepsia, liver complaint, constipation, sour stomach, and general debility when they can procure at once SHILOH'S VITALIZER, for the cost of it it does not cure, or relieve them. Price, 75 cents. Sold by Dreier & Bro. 6

Rev. George H. Thayer, an old citizen of this vicinity, known to everyone as a most influential citizen, and a Christian minister of the M. E. church, just this moment stepped in our store to say: "I wish everybody to know that I consider that both myself and wife owe our lives to Shiloh's Compound Cure." It is having a tremendous sale over our counters, and is giving perfect satisfaction in a large number of lung diseases, such as nothing else has done.

"\$500 will be paid for a case that Hop Bitters will not cure or help."
"Hop Bitters builds up, strengthens and cures continually from the first dose."
"Fair skin, rosy cheeks and the sweetest breath in Hop Bitters."
"Kidney and Urinary complaints of all kinds permanently cured by Hop Bitters."
"Sour stomach, stout headache and dizziness. Hop Bitters cures with a few doses."
"Take Hop Bitters three times a day, and you will have no doctor bills to pay."

Mrs. May McGowan
The Original and Leading
HAIR DRESSER AND
PRACTICAL WIG MAKER
Of Fort Wayne.

The attention of the ladies of Fort Wayne and Northern Indiana is called to the fact that Mrs. McGowan, at the QUEEN'S HAIR DRESSING SALON, 33 East Main Street, Wholesale and Retail Dealer in Hair, is all outstripping all would-be rivals. Mrs. McGowan's work speaks for itself. She desires, however, to call attention to several important facts:

1st. She imports herself all the novelties and original styles. She does not copy from other dressers.

2nd. She introduced in this city the "Marionette Waves," "Fringettes" and other novelties in hair goods, and is the only person making them.

3rd. She supervises all work herself, employing no tenders, guarantees all work, and sells goods at bottom figures.

4th. The leading ladies of Fort Wayne and surrounding towns are her regular customers. A full line of millinery goods always on hand. Shaving and Hair Dressing done at private houses as well as store.

Ladies wanting anything in her line could call on or address

A PICKED CROWD.

Picked up by Peelers and Picked Over by His Honor.

Henry Leitzbaugh's Lucid and Graphic Account of Himself.

What Befell His Companions in Distress.

Henry Leitzbaugh is the way it would read on a silver door-plate and is the way it reads on the mayor's docket.

Henry, according to his own statement, is a "beggar"—he, however, means baker. He was arrested last evening for being disorderly.

"Are you guilty or not guilty?" said the city attorney.

"I ain't guilty."

"No."

"Well, what did you do or say?"

"Well I just come myself down mit Rum City last nite and wen I goes off de train mit my pans and I got a big balise, und dot balise he bust und my close was gone out mit dot side-walk, und dot police he told me to gone away. I ask him where was a Dutch boarding house, und dot police he gif me no reasons at all. I goes mit my dings arond a corner to get my close in my escheld und dot flag-man ask me what I got dere und I told him hell dot was hret pans of he don't eat no bret. Den dot police he come arond me some more unt I got a pig pottle wot got about a thousand or twelve hundred or about fifteen hundred worms in it wot I sell fer to cat mocking birds, und he klick my glass und bust up worms, und I lose more as about ten dollar. Und den he hits me on my head yust one klick und it bit me all over und I got oxcited und say I would yust like to see one sonnach of a plice wot hit me wen I ain't done nodding. Und he klick me und take me by de station house, but I bet I want pay for my worms too."

"Weren't you just a little drunk?"

"Noser, I yust drink about two glass beer, und den about two glass, und—"

"Well say about fifteen glasses."

"No I yust drink four glass dots so, und I bet I drink footy glass und don't get drunk, I bet you I drink a keg of beer right here of I got it und don't get drit. I got more recommendation as everybody in dis town. I bet you, I got more as plenty witness."

He was fined \$3 and costs.

Victor Kraus appeared and pleaded guilty to the charge of violating a city ordinance in buying produce on the market for other than his own use, and was fined \$6.65.

Henry Dick gave very crooked testimony in regard to the charge against him for violating the same ordinance by buying cherries. He was fined \$6.65.

Chas. Schriver also was in the butter business, and paid a fine of \$6.65.

An affidavit was filed against Joseph Flegler, and one against Christ Miller for selling liquor without a license, and trial was set for to-morrow morning at 9 o'clock.

THE RAILROADS.

The Pittsburgh telegraph office has no telephones. They have all the lightning they can attend to now.

No. 1 on the Pittsburgh to-day ran in two sections. The second one comprised seventeen cars, containing 850 passengers.

Fred Converse is appeased. Tiger, the unconscious perpetrator of the reporter's mistake last evening came down with the desired \$10,000. So there will be no bloodshed.

J. B. Barnes, general foreman of the Wabash shops, to-day received the patent on his locomotive whistle. It is Mr. Barnes's invention, costs about one-fourth as much as the whistle now in use, and is said to be in every way its superior. It will probably come into general use and make Mr. B.'s everlasting fortune.

J. D. Layng arrived at the south depot this morning in his private car, having made the run from Chicago in three hours and twenty minutes including stops. Dave King with engine 181 furnished the motive power. Dave proposes next week to make the run from Fort Wayne to Boston and return in 26 minutes.

The second grand annual shooting festival of the Toledo Shooting Association will take place at Toledo, on Sunday and Monday, on which occasion the Wabash road will run an excursion to Toledo and return, \$3; Put in Bay and return (including a ride on the new and elegant steamer Grace McMillin), \$3.60. The train will leave the south depot at 6.45 Sunday morning.

The Toledo Commercial has interviewed General Manager Hopkins, of the Wabash, in regard to the rumor of his promotion to the presidency of the company. Mr. Hopkins stated "that so far as he knew there was no truth whatever in the stories. The first he had known of any such movement was what he had seen in print. The Commercial is glad the rumor is not true. Mr. Hopkins is worth of any position that can be given him by the company, but in his present position he is the soul and spirit of the vast system of roads under his management, and we think this office offers him broader field for the exercise of that genius which has made the Wabash one of the first roads of the country. Mr. Bond, the person named as the successor of Mr. Hopkins, is an excellent gentleman, and one of the ablest railroad managers in the country."

WABASH, ST. LOUIS AND PACIFIC.

The following important information appeared in yesterday's Toledo Commercial: General Manager Hopkins of the Wabash Railway, stated to a Commercial reporter yesterday, that the rumors of the consolidation of the Wabash, Kansas City & Northern Railroads, were probably true. This is a most important movement. The mileage of the new road, including the Chicago extension, will be 1,420 miles, extending through a scope of territory unrivaled on the earth's surface for its fertility and productiveness. It furnishes a direct line from Toledo, on Lake Erie, to Kansas City, on the Missouri River, and by forming a connection over the Missouri, Kansas and Texas Railway between Hannibal, the present terminus of the Hannibal division of the Wabash, and Moberly, a point located north of the Missouri River, on the St. Louis, Kansas City and Northern Railway, will give the shortest and most direct route between the east and the west. The new road is to be known as the Wabash, St. Louis and Pacific Railway. The Friendly Hand of the mighty Wabash is reaching west for the golden shores of the Pacific.

BREVITIES.

The superior court has adjourned until Monday.

A band of gypsies are camped near the Webb place, west of the city.

John Eckert had a little reunion at his house last night. There were 39 present.

Three suspicious looking individuals were searching for a pawnbroker's office yesterday.

Frank Falker did not walk last evening. He says he will wait until the money is put up.

The Jackson excursionists have returned home, well pleased with their visit to this city.

The Harmon House is being repaired inside and out and will soon be ready for the new deal.

Christ Newcomer, who has been under the weather for the past week, is on duty again to-day.

Miss Belle Gore, who has been visiting Miss Rose Scarlet, of 255 Webster street, will return to Lima to-morrow.

A heavy suit for damages against a leading Fort Wayne physician for an alleged malpractice will shortly be entered.

The sheriff to-day received a summons containing the names of 27 parties "and others." The writ contained 99 names.

Henry Laner, an employee of Root & Co., died to-day at his home No. 11 East Wayne street, of typhoid fever after a brief illness, aged twenty.

The pall bearers at Katie Martin's funeral yesterday were Agnes O'Connell, Mary Nell, Mary Baker, Lillie McLaughlin, Lizzie Dalton, Ella Turner.

The grand jury to-day examined a large number of witnesses, and this afternoon the girls were again examined. They will not adjourn before to-morrow evening.

Won't some big-hearted, sun-struck fool please come down with an ode to the sun about now? If there is any time a man should boil over with solar enthusiasm, it is now.

A young man who had his hand injured on a grindstone at the Pittsburgh shop day before yesterday, faintly while having it dressed in Nills drug store to-day.

The neighbors are complaining of a nuisance in shape of a swing in Ewing's Grove. They assert that it is a resort for prostitutes, and that it is productive of a great deal of noise and disorder.

A poor, degraded woman who was in a frightful condition from the combined effects of heat and poor whisky, yesterday in Pearl Alley near Calhoun, and made a very disgusting exhibition of herself. She is a chronic pauper.

Frank Besancon, sr., who fell from the scaffold at Mrs. Aufrecht's new building yesterday, is lying at his residence, No. 180 Hanna street. He suffers intense agony, and will probably be laid up for several months. Dr. Rosenthal set his leg yesterday afternoon. Young Besancon is able to be around and will be as good as new in a few days.

A very pleasant time was had by a number of young folks at their picnic up the St. Joe yesterday afternoon. Centlivre's boats were in use and were highly enjoyed. One very jovial young lady seemed determined to make the boys dive after her, but finally contented herself by dipping the boat full of water. A very palatable repast was served at 7 o'clock, to which all did justice. Charley didn't fan the flies from her very well. He was too much taken up with supper.

The Heat.

The heat continues terrific, the thermometer ranging from '94 to '98 in the shade. The streets are comparatively deserted, and little business is being done.

A woman whose name could not be learned, was prostrated by the heat yesterday afternoon at the corner of Calhoun and Fifth streets.

A boy named Filson was sunstruck yesterday, and was taken by the police to the City Hospital, where he now lies in a precarious condition.

A carpenter named Wolfe, living in Nebraska, was sunstruck this morning while working on a new building on East Washington street. Dr. Prueger attended him.

FRIGHTFUL ACCIDENT.

Jacob Kimmel's Violent Contact with a Horse's Heel.

A Difficult Surgical Operation.

Yesterday at 5 p. m., a boy named Jacob Kimmel met with a frightful accident, in the neighborhood of Five Points, seven or eight miles west of the city, while working in a field with four horses. While the team was resting, the lad stepped between two of them and was kicked above the right eye, cutting a terrible gash through the skin and parts overlying the frontal bone. The frontal bone was fractured and depressed fragments driven on the brain, necessitating the use of the trephine and removal of the fragments and elevating of the depressed bone. The operation was performed by Drs. W. H. and Myers, J. Yorgelinner and T. H. McCormick.

A RAID ON RUM.

Interesting Exercises at the Academy Last Evening.

There was an immense crowd at the Academy last night, notwithstanding the excessive and disgusting heat. After musical exercises, Capt. Bontion read an appropriate selection from the Scriptures and the Rev. J. M. Seymour offered a fervent prayer. Speeches were then made by Capt. Bontion and Lincoln, both of which were able, and were listened to with close attention. Quite a number of signatures were affixed to the pledge, including the names of some who put on the ribbon a year ago and have since backslidden.

The usual prayer meetings were held this afternoon, and were quite well attended. Large excursions are expected this evening from Bluffton and Decatur.

To-night the Hon. Robert Frazier, an able lawyer of Ann Arbor, will speak. The lawyers of the city are especially invited to be present.

City Hospital Notes.

A boy named Wm. Wilson was taken to the hospital last night by the police. He was found in an alley, having sustained a sunstroke and is now very low with bilious fever. His family live in St. Joe township.

Mrs. Ryan, of Ossin, from whose neck a large tumor was recently removed at the hospital, has returned to that institution for further treatment.

J. L. Page, the brakeman who was recently hurt at Mapples, is still mending and will be out in about a week.

Mrs. Boddy and daughter, who were taken to the hospital the other day in a starving condition, have been released and resumed their journey.

Calvin Heath, whose leg was recently amputated, has gone to his home in Angola.

Mrs. J. B. Moranda, of Huntington, is visiting her brother, Dr. A. J. Sals, at the hospital.

A Card of Thanks.

To the Editor of the Sentinel: This card is in a slight degree to return our heartfelt thanks to our neighbors and friends for their kindness and sympathy towards us in our sad trouble in the loss of our daughter Katy. There was so much sympathy shown us by our neighbors and all of it undeserved by us, that it is impossible for us in this short card to properly express our gratitude.

Where all were so kind we feel as though we should not mention any, but we cannot help naming Mrs. Franky, Mrs. McGuire, Mrs. Curtis, Miss Maggie Whitaker and Mrs. Geo. DeWald.

TENDERNESS AND MARY MARTIN.

To the Editor of the Sentinel: This card is in a slight degree to return our heartfelt thanks to our neighbors and friends for their kindness and sympathy towards us in our sad trouble in the loss of our daughter Katy. There was so much sympathy shown us by our neighbors and all of it undeserved by us, that it is impossible for us in this short card to properly express our gratitude.

scope of territory unrivaled on the

earth's surface for its fertility and

productiveness. It furnishes a direct

line from Toledo, on Lake Erie, to

Kansas City, on the Missouri River,

and by forming a connection over

the Missouri, Kansas and Texas Rail-

way between Hannibal, the present

terminus of the Hannibal division of

the Wabash, and Moberly, a point lo-

cated north of the Missouri River, on

the St. Louis, Kansas City and North-

ern Railway, will give the shortest

and most direct route between the east

and the west. The new road is to be

known as the Wabash, St. Louis and

Pacific Railway. The Friendly Hand

of the mighty Wabash is reaching west

for the golden shores of the Pacific.
